APOC!!!!!!!!!!!!!!! noobie . Try finishing dialing up before you load renguard cause renguard auto connects to its server. By loading it without an active connection you might make it crash.

C4 is right. RG will attempt to connect to a master server as soon as it is opened. You your connection will need to be running before you run RG.

rengaurd is for ppl who play online

ppl who just play solo missions dont come to places like this cause they dont play on line

rengaurd assumes when u click on it that u wanna play online

so take our advice and dailup 1st

!@#%&*(partiiman)*&^%\$#@!
